SUMMARY

Aspiring Full Stack Developer with hands-on experience in building secure, scalable web and Mobile applications. Passionate about delivering clean, user-friendly interfaces and robust backend systems. With an educational background in Electronics and Telecommunication and Information Technology, combined with practical experience, I bring unique insights to my projects. I am eager to contribute to innovative solutions and continuously enhance my skills.

EXPERIENCE

Frontend Developer

HerbsMagic 10/2024 02/2025 Remote

- A remote-based company specializing in web development
- Developed user-friendly web interfaces using Next.js, Material UI, and Tailwind CSS, enhancing UI performance and ensuring seamless user experiences
- Collaborated with designers for efficient feature implementation

Full Stack Developer Intern

AromaBrandSolutions 02/2025 Remote

- A remote-based company specializing in software solutions and digital marketing
- Developed EduScore, a secure online exam platform with real-time features and anti-cheating mechanisms.
- Built a mass mailing Windows application using ASP.NET and C#, sending over 70,000 emails efficiently using MongoDB data.
- Deployed applications using Microsoft Azure VMs and App Services for high availability.
- Worked across the full stack: frontend (React, Tailwind), backend (Node.js, MongoDB), and cloud deployment.

PROJECTS

RasieIT Grievance Reporting App

- 06/2024
- RasieIT Grievance Reporting App which aims to enhance civic engagement through technology
- Developed a mobile application enabling citizens to report civic issues directly to the Pune Municipal Corporation (PMC).
 - Implemented features for user authentication, post creation with images and location tagging, and real-time updates using Firebase.
 - Designed separate user roles for citizens and officers, facilitating efficient issue tracking and resolution

EduScore – Online Exam Platform

- 02/2025
- Built a secure online exam platform using React, Node.js, MongoDB, Tailwind CSS, and Azure with timer, role-based access, and anti-cheating features
- Developed a secure online exam platform with **React, Node.js, MongoDB, Tailwind CSS**, and **Microsoft Azure**
 - Implemented timer-based exams, question navigation, and cheating prevention logic. Designed separate roles for students and admins with result analytics and exam control features
 - Deployed using **Azure Virtual Machines** and **App Services** for scalability and reliability

TheHerbsMagic.com

- 10/2024
- <https://www.theherbsmagic.com/>
- Built a full-stack herbal e-commerce platform (Herbs Magic) using Next.js, React, Node.js, and MongoDB with features like authentication, payments, and analytics dashboards.
- Developed a secure, scalable herbal e-commerce platform using **Next.js, React, Tailwind CSS**, and **Material UI**.
 - Built dynamic and responsive UI components using **React Hook Form, Redux** for state management.
 - Implemented key features like **user authentication, OTP verification, product filtering**, and **invoice generation**.
 - Created RESTful APIs using **Node.js** and **MongoDB** to manage users, orders, and products.

EDUCATION

B.Tech in Electronic and Telecommunications

Vishwakarma Institute of Technology
09/2023 06/2026 Pune

Diploma in Information Technology

All India Shri Shivaji Memorial Society's Polytechnic
01/2021 06/2023 Pune

CBSE Program

JSPM's Prodigy Public School
08/2020 Pune

SKILLS

React React Native ASP.NET Node.js Material UI
Tailwind JavaScript Java C# Shell Scripting
MYSQL MongoDB Google Firebase Git
Microsoft Azure

KEY ACHIEVEMENTS

Microsoft Azure Fundamentals (AZ-900)
Sept 2024

AWS Cloud Technology Consultant
May 2025

INTERESTS

DevOps Enthusiast
Cricket Aficionado
